Two Technologies – Infinite Design Options

Schluter-Systems now offers a design-forward solution for projects that demand more than standard finishes. With **MyDesign by Schluter-Systems**, you can customize select profiles and SHELF models using RAL colors, or achieve even greater precision with high-resolution digital printing available on a curated range of profiles. Whether you're aligning with a brand palette, complementing architectural finishes, or enhancing a space with custom detailing, MyDesign delivers the flexibility and scalability to bring your project vision to life.

Why Choose Customization?

✓ Design Freedom

Break free from standard finishes. With 190 RAL colors and advanced digital printing, you can match, contrast, or highlight to suit your exact design intent.

✓ Brand Consistency

Ideal for commercial, hospitality, and retail environments, custom colors and prints allow you to align every detail with your brand's visual identity—right down to the trim.

✓ Seamless Integration

Digitally printed profiles can mirror tile patterns for a cohesive, uninterrupted look. Create installations where profiles blend seamlessly into the surrounding surfaces.

✓ Premium Professional Finish

Engineered for lasting performance, every customized element is backed by Schluter's proven powder-coating and printing processes, ensuring durability without compromising on design.

Digital Printing

Design precision through digital innovation

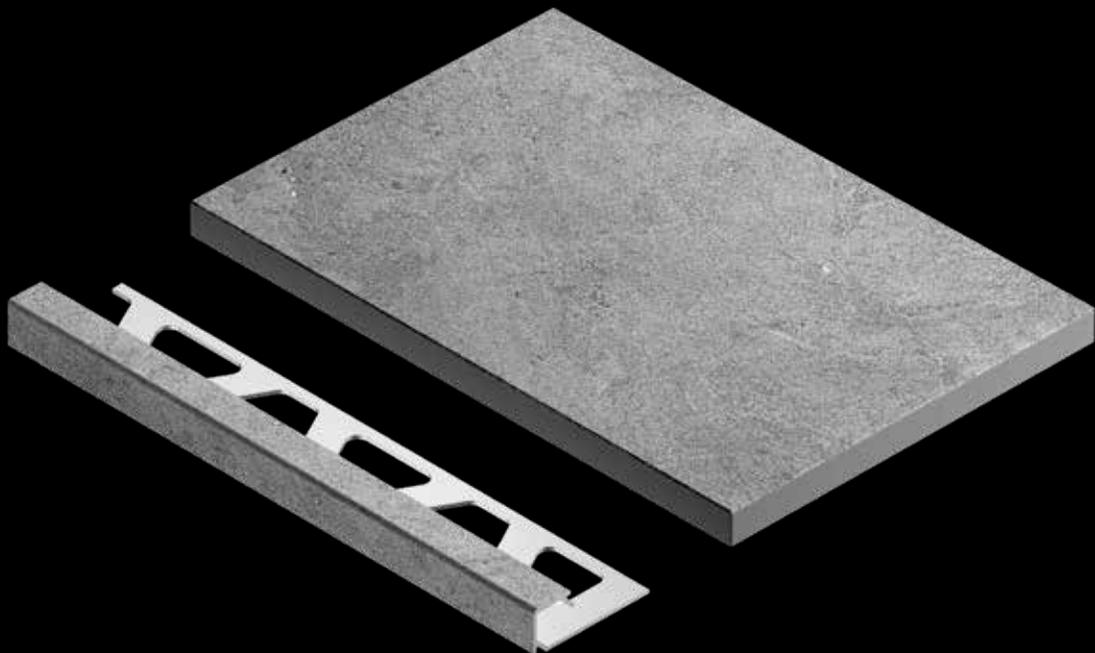

Today's tile designs are more advanced and individualized than ever—and now, your finishing profiles can keep pace. With MyDesign, modern digital printing allows you to customize select profiles to visually blend with surrounding surfaces or stand out with precision.

Whether you're designing with natural textures, bold patterns, or bespoke finishes, digital printing offers refined integration and elevated creative freedom.

With digital printing, you can:

- ✓ Replicate tile textures like wood, marble, or stone for a cohesive look
- ✓ Match the tile finish, from matte to lacquer, for a seamless transition
- ✓ Extend tile graphics or patterns directly onto profiles
- ✓ Incorporate branding, logos, or custom motifs in commercial environments

Bring detail, continuity, and character to your tile installations—with finishes that do more than frame your design. **They complete it.**

Profiles

Explore new design possibilities

With MyDesign, digital printing allows you to customize select profiles with precision, whether you're replicating tile textures and finishes, incorporating patterns, or adding a corporate logo. Discover which profiles can be transformed with digital printing and start creating finishes that are as distinctive as your design.

Schluter®-QUADEC

QUADEC features a square reveal for finishing external tile corners or accenting tile fields. 90° inside/outside corners are also available.

Schluter®-JOLLY

JOLLY is a 90° profile that protects external wall corners and tiled edges while offering clean lines and consistent grout spacing. Outside corners are also available.

Schluter®-RONDEC

RONDEC is a rounded profile, designed to protect tile edges and create smooth, curved corners in wall or edge applications. Inside and outside 90° corners are also available.

Schluter®-DESIGNLINE

DESIGNLINE is a border profile for creating decorative designs in tile fields on walls. It can also be combined with matching RONDEC or QUADDEC profiles on tile edges and external wall corners.

Schluter®-DILEX-AHK

DILEX-AHK is a cove-shaped profile for hygienic, easy-to-clean transitions at internal wall corners, countertops, and shelving in tiled or stone-covered surfaces. Available accessories include 90° and 135° inside and outside corners, outside 90° square corner, and an end cap.

Schluter®-DILEX-AHKA

DILEX-AHKA is a cove-shaped profile for internal corners and countertops that allows for clean transitions to existing tile coverings, making it ideal for renovations or retrofits. Available accessories include inside and outside 90° and 135° corners and left or right end caps.

Schluter®-RONDEC-STEP

RONDEC-STEP is an edge profile for tiled countertops or shelves with a rounded upper edge. Available accessories include inside and outside 90° and 135° corners.

Schluter®-DESIGNBASE-SL

DESIGNBASE-SL is a sleek alternative to traditional baseboards, installed with adhesive. Available accessories include inside and outside 90° corners, left or right end caps, and a connector.

RAL Color Customization

Design without compromise

Color is more than a detail—it's a defining element of your space. With MyDesign, you can now customize select profiles and shelves in any of the 190 RAL Classic colors, creating a finish that aligns precisely with your project vision.

Whether you're reinforcing brand identity in a commercial space, complementing surrounding finishes in a high-end residential build, or making a bold visual statement, RAL color customization offers seamless integration and elevated design control.

With RAL color customization, you can:

- ✓ Match trim to tile, grout, or paint for a cohesive finish
- ✓ Highlight architectural features with striking accents
- ✓ Bring corporate palettes into hospitality, retail, or multi-unit developments

From golden yellow and emerald green to blue grey and beyond, your project isn't limited by what's available off the shelf. It's defined by your vision—**right down to the last detail.**

Profiles

Color without compromise

Show your colors in the finishing touches! Color-coated profiles add an individual touch to edges and skirtings in tile and natural stone coverings. Color features create elegant accents, whether as a blended aesthetic or in deliberate contrasts.

Schluter®-QUADEC

QUADEC features a square reveal for finishing external tile corners or accenting tile fields. 90° inside/outside corners are also available.

Schluter®-JOLLY

JOLLY is a 90° profile that protects external wall corners and tiled edges while offering clean lines and consistent grout spacing. Outside corners are also available.

Schluter®-RONDEC

RONDEC is a rounded profile, designed to protect tile edges and create smooth, curved corners in wall or edge applications. Inside and outside 90° corners are also available.

Schluter®-RONDEC-DB

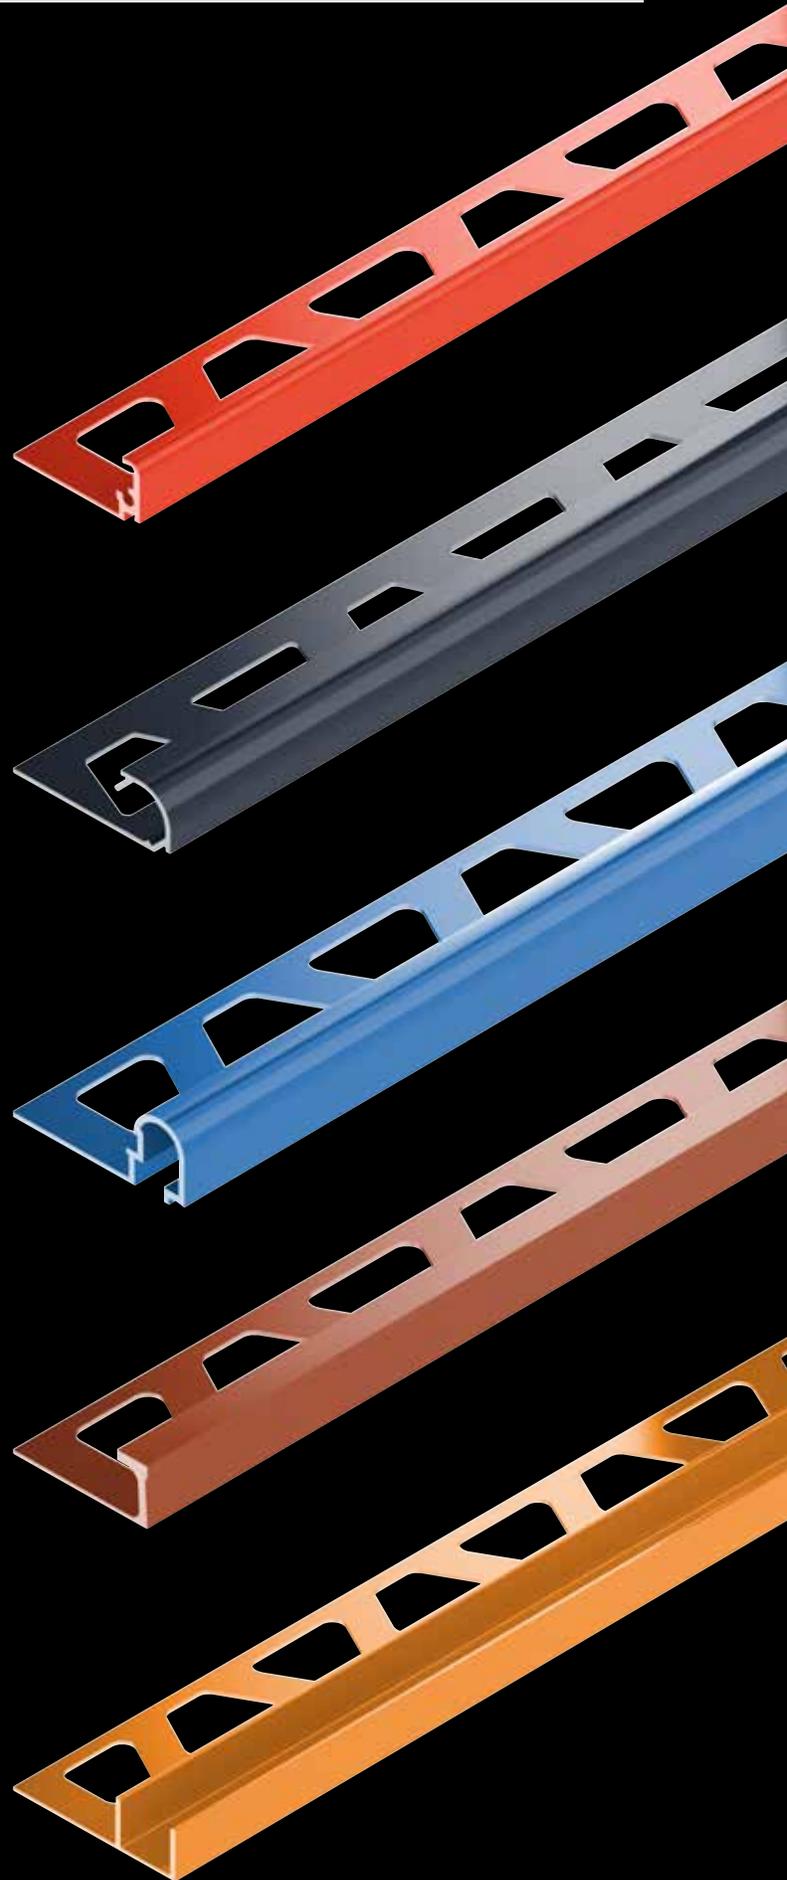

RONDEC-DB is a decorative profile for walls, wainscotings, and tile bases that creates a rounded finishing edge.

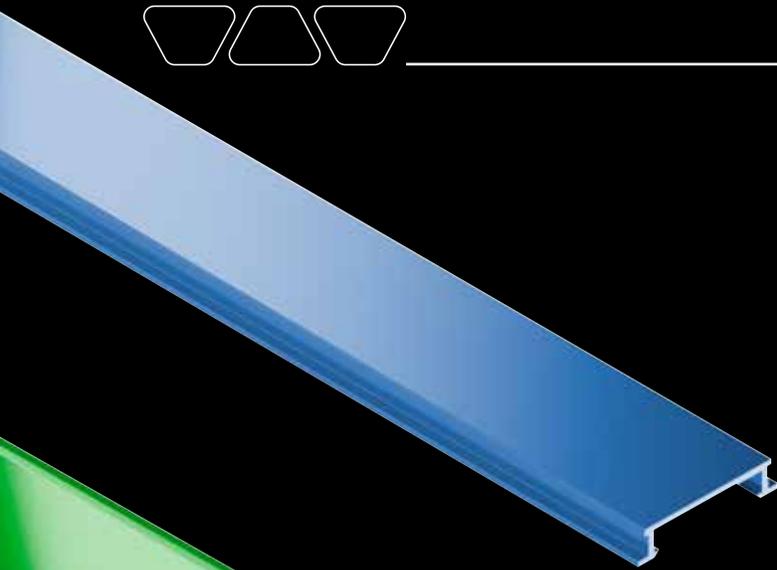

Schluter®-DECO

DECO is a decorative profile with a 1/4" (6 mm) visible surface that protects tile edges and creates clean, modern transitions, ideal where tile meets carpet, wood, or other floor coverings.

Schluter®-DECO-SG

DECO-SG is a decorative profile that forms either a 1/2" (12.5 mm) or 9/16" (15 mm)-wide channel that creates a shadow gap. The profile may also be used as a support channel for glass walls.

Schluter®-DESIGNLINE

DESIGNLINE is a border profile for creating decorative designs in tile fields on walls. It can also be combined with matching RONDEC or QUADEC profiles on tile edges and external wall corners.

Schluter®-DESIGNBASE-SL

DESIGNBASE-SL is a sleek alternative to traditional baseboards, installed with adhesive. Available accessories include inside and outside 90° corners, left or right end caps, and a connector.

Schluter®-FINEC

FINEC is a slim, minimalist profile ideal for protecting mitered external corners of tile or mosaic coverings.

Schluter®-FINEC-SQ

FINEC-SQ combines the slim design of FINEC with a minimal squared reveal, offering a solution for protecting mitered edges in thicker tile installations.

Shelves

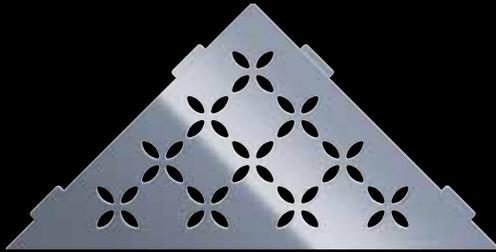

Storage that complements your design

Beautiful shelves that are available in different shapes and designs provide valuable storage, now with the added benefit of custom color through MyDesign. Coordinate your shelves with surrounding profiles, tile, or brand colors for a cohesive and intentional finish.

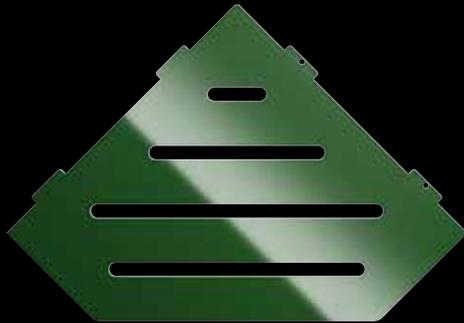

Schluter®-SHELF-W

SHELF-W is a wall-mounted rectangular shelf anchored with perforated legs, designed for seamless integration during tile installation and offered in five design variants.

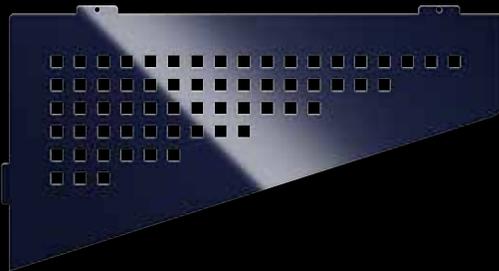

Schluter®-SHELF-E-S1

SHELF-E-S1 is a triangular corner shelf available in five design motifs, installed during tiling or retrofitted into joints using integrated tabs.

Schluter®-SHELF-E-S2

SHELF-E-S2 is a pentagonal corner shelf offered in the same five motifs, providing a slightly larger and distinctive shape for corner installations.

Schluter®-SHELF-E-S3

SHELF-E-S3 is a quadrilateral shelf with asymmetrical sides, designed to fit corners while offering a unique geometric detail in any of five design styles.

Schluter®-SHELF-N

SHELF-N is a rectangular shelf made to fit KERDI-BOARD niches, installed during tiling and available in five decorative motifs.
